

## HANDOUT 1

### THE ONGOING QUEST FOR VICTORY: JUDGES 1.1–2.5

#### Introduction

The book of Judges tells the struggles of the Israelites as they face new challenges in the Promised Land. The work of Joshua's generation is finished, but a new work remains for the new generation. The generation must go forward with new victories until every promise of God has been fulfilled and every enemy has been vanquished.

#### A Unified People (1.1)

- The first verse of Judges reveals the \_\_\_\_\_ of the book.
- Change is always difficult, and it always presents both \_\_\_\_\_ and dangers.
- The phrase 'children of Israel' refers to all of the people of Israel
- The word 'LORD' in upper case letters is the English form of God's Hebrew name '\_\_\_\_\_'.  
Yahweh is sometimes translated 'Jehovah', and it is the name that signifies God as Israel's savior and deliverer. It is God's \_\_\_\_\_ name.
- The story of Judges centers on the \_\_\_\_\_ between God and God's people. This relationship is based on the covenant.
- We win our battles through \_\_\_\_\_, through the demonstration of the \_\_\_\_\_, through love, and through our witness.
- If we expect to be victorious, we must be \_\_\_\_\_; and we must \_\_\_\_\_ the Lord together.

#### New Leadership (1.2-3)

- Joshua's death was followed by a new model of \_\_\_\_\_ among the tribes of Israel.
- The exaltation of Judah undergirds the later choice of \_\_\_\_\_ (over Saul) as ideal king.

#### Judah Wins Many Victories (1.4-18)

- Judah's \_\_\_\_\_ leads to great victories.

#### From Victory to Defeat (1.19-36)

- Although 'the Lord was with Judah', he could not drive out the dwellers of the plain because they had \_\_\_\_\_.

- Sometime after Dan had possessed his inheritance, the \_\_\_\_\_ drive him out, leaving Dan without an inheritance.
- Chapter one does not mention \_\_\_\_\_ and Gad because their inheritance was across the Jordan.
- Israel even made \_\_\_\_\_ with some of the Canaanites, covenants that were in clear violation of God's orders.

### **God's First Warning to Israel (2.1-5)**

- Because of their failure to drive out the Canaanites, the Lord sends His angel to rebuke the Israelites and to call them to \_\_\_\_\_.
- Gilgal is a location that represents \_\_\_\_\_ and his victories.
- The reference to the exodus reminds Israel that the Lord is their \_\_\_\_\_.
- The crucial point of Judg. 2.1-5 is that while the Lord has been faithful to His covenant with the Israelites, they have been \_\_\_\_\_ to Him.
- The Lord promises that He will never break His \_\_\_\_\_.
- God is incredulous in the face of Israel's \_\_\_\_\_.
- In Judges it is \_\_\_\_\_ who is injured, and it is God who has suffered injustice.
- The Lord will not break His covenant, but because of Israel's disobedience, He will discipline Israel by allowing some of the Canaanites to remain as \_\_\_\_\_ and snares.
- The Israelites \_\_\_\_\_ to the angel's rebuke with weeping and sacrifice.
- The name of the place is then called Bochim, which in Hebrew means '\_\_\_\_\_.'
- 'I will not break my \_\_\_\_\_ forever'—It is the greatest test of God's integrity.
- 'I will not break my covenant forever'—It is God's \_\_\_\_\_ for His people, His jealousy for their affection.
- 'I will not break my covenant forever'—It is God's loyalty to His people and His challenge to them to \_\_\_\_\_.

## HANDOUT 2

### COMMITMENT THAT LEADS TO VICTORY: JUDGES 2.6-3.6

#### Introduction

The book of Judges begins with \_\_\_\_\_ versions of what happened after Joshua died. Judges chapter one tells us about the battles that ensued after Joshua's death and about the failure of Israel to drive out all of the Canaanites. Chapter two focuses on Israel's \_\_\_\_\_.

#### A Faithful Generation (2.6-7)

- Both the book of Joshua and the book of Judges emphasize the fact that \_\_\_\_\_ generation 'served the Lord' (Josh. 24.31; Judg. 2.7).
- Their personal \_\_\_\_\_ of God's grace and power gave them the confidence to endure faithfully in their service to God.

#### An Undisciplined Generation (2.8-10)

- The generation that followed after Joshua had not \_\_\_\_\_ the mighty acts of God.
- Every new generation needs to \_\_\_\_\_ God for themselves.
- We will always be tempted to rest in the \_\_\_\_\_ of the past, forgetting that a new generation of Christians needs our witness, our teaching, and our example.

#### The Path to Apostasy (2.11-13)

- Israel's failure to drive out the inhabitants of the land meant that Israel would be continually tempted to \_\_\_\_\_ the gods of their neighbors.
- When they discarded the Lord and adopted the gods of Canaan, the Israelites were demonstrating gross \_\_\_\_\_.
- The Lord had every right to be \_\_\_\_\_. Israel was God's covenant people, His \_\_\_\_\_, His 'treasured possession' (Exod. 19.5-6 NIV).
- God's people will always be tempted to worship \_\_\_\_\_.

#### The Cycle of Discipline and Deliverance (2.14-19)

- The disobedience and idolatry of the Israelites called for strong \_\_\_\_\_ measures from the Lord.
- The judges were charismatic leaders who were chosen by God and \_\_\_\_\_ by the Holy Spirit.

- Victory came because the Lord gave them special \_\_\_\_\_, strategies, and supernatural power.
- Israel's \_\_\_\_\_ grew progressively worse – each generation 'corrupted themselves more than their fathers' (v. 19).
- They refused to fulfill their obligation to keep the Lord's commandments and to be loyal to Him as their divine \_\_\_\_\_.
- Judges 2.11-19 forecasts the downward \_\_\_\_\_ of the book of Judges.
- On an experiential level, this cycle can be reduced to two basic movements. First, Israel's sin leads to \_\_\_\_\_. Second, Israel's \_\_\_\_\_ brings deliverance.
- The Lord uses a variety of terms, but we can summarize God's moral attributes with two words: \_\_\_\_\_ and \_\_\_\_\_. God's every action is motivated either by mercy or by justice.

### **God's Warning Repeated (2.20-23)**

- God had brought Israel into the Promised Land, but they had allowed the \_\_\_\_\_ to influence them and to draw them away from their savior.
- The Canaanites will remain in the land to provide the new generation with the opportunity to prove themselves \_\_\_\_\_ in the face of temptation (Judg. 2.22) and war (Judg. 3.1-6).
- The choice is ours: we can heed the voice of God, or we can listen to the voice of the crowds and \_\_\_\_\_ to the world around us.

### **Testing and Failure (3.1-6)**

- Although the Lord is very angry with Israel on account of their \_\_\_\_\_ and unfaithfulness, His steadfast devotion to His people causes Him to provide opportunities for restoration.
- Judges 3.5-6 demonstrates that Israel's spiritual \_\_\_\_\_ happened in three stages:
- (1) Careless \_\_\_\_\_. (2) Irresponsible \_\_\_\_\_. (3) Reckless Embrace of \_\_\_\_\_.

### **Conclusion to Judges 2.6–3.6**

According to the two introductions, therefore, the Israelites' root problem is their refusal to \_\_\_\_\_ and \_\_\_\_\_ God's Word.

## HANDOUT 3

### VICTORY THROUGH THE SPIRIT: OTHNIEL AND EHUD JUDGES 3.7–31

#### Introduction

God can use all kinds of people who come from varied and diverse backgrounds. Unlike us, God does not have a preconceived notion of the perfect leader, because He knows that every person has flaws. God is able to form and shape imperfect people.

#### Othniel: The Model Judge (3.7–11)

- Othniel is the first of \_\_\_\_\_ judges mentioned in the book of Judges.
- Baal was a storm god and warrior god, and \_\_\_\_\_ was his wife. Asherah is referred to in some Bible translations as ‘the groves’.
- The fact that Israel is said to have ‘served’ Cushan-Rishathaim (3.8) teaches us that unfaithfulness to God leads to \_\_\_\_\_.
- The pattern of \_\_\_\_\_ in Judges teaches us that we should not underestimate the power of prayer.
- Sometimes, God \_\_\_\_\_ to use people who already have extensive experience.
- The anointing of the Holy Spirit is the necessary prerequisite for a position of \_\_\_\_\_ over God’s people.
- The Spirit gave them the \_\_\_\_\_ that was needed to rule.
- In the case of the judges, the text emphasizes their role as \_\_\_\_\_.
- In the book of Judges, the Holy Spirit is always called ‘the Spirit of the \_\_\_\_\_’ rather than ‘the Spirit of God’ (i.e. ‘the Spirit of Elohim).
- The personal name ‘Yahweh’ claims priority in Judges because Yahweh is the name of Israel’s \_\_\_\_\_ and King.
- After the Holy Spirit empowers Othniel, he goes to battle and wins the war, but the victory is attributed to the \_\_\_\_\_, who ‘handed over’ (3.10) the king and his army to Othniel.

#### Ehud: The Left-Handed Judge (3.12–30)

- After Othniel dies, the cycle of \_\_\_\_\_ begins again.
- The evil activity referred to here and throughout the book of Judges is \_\_\_\_\_.
- Because of Israel’s sin, the Lord once again turns them over to their enemy for \_\_\_\_\_.

- Therefore, the sin of Israel caused them to lose \_\_\_\_\_ of territory that they had conquered earlier.
- The \_\_\_\_\_ of God moved Him to raise up a deliverer, Ehud, who would lead Israel out of bondage.
- Ehud may not have had training, and he may not have had weapons, but he had \_\_\_\_\_.
- When Ehud was admitted into king Eglon's presence, he stated that he had a \_\_\_\_\_ from God for the king.
- Ehud's victory brought eighty years of \_\_\_\_\_ to the land of Israel.
- Ehud was willing to \_\_\_\_\_ himself to God, even when striving against overwhelming opposition.
- The \_\_\_\_\_ of the judges is not far from that of Jesus the Messiah.
- In too many cases, we fight among \_\_\_\_\_ rather than fighting against the enemy.

### **Shamgar: The First Minor Judge (3.31)**

- Out of the twelve judges named in the book of Judges, six are classified as 'minor' judges because their stories are very short, lacking in \_\_\_\_\_.
- Shamgar appears to have been a \_\_\_\_\_ of Deborah.

### **Conclusion**

- The power of the Holy Spirit does not come to us on account of our \_\_\_\_\_.
- We are \_\_\_\_\_ by the Holy Spirit for the benefit of the people of God, not for our own personal gain.
- We need men and women who will stand up in the power of the Spirit and fight the spiritual battles, resisting the onslaught of \_\_\_\_\_ that is aimed at the church.
- God wants leaders who will \_\_\_\_\_ rather than be served.
- Sometimes the Holy Spirit grants \_\_\_\_\_ endowments for service (David, the elders), but at other times the power of God is of a temporary nature (the judges).
- Let us remember that Jesus is the head of the church, and we are \_\_\_\_\_ of the church.
- Every member of the \_\_\_\_\_ needs the empowering work of the Spirit (1 Cor. 12.11-31).
- God does not \_\_\_\_\_ the work of the Holy Spirit to particular places or times. He is always working, and He often works outside the accepted channels of power.

## HANDOUT 4

### VICTORY THROUGH PROPHETIC GUIDANCE: DEBORAH AND BARAK JUDGES 4.1–5.31

#### Introduction

- Israel's \_\_\_\_\_ produced a repeat of the previous cycle of rebellion and punishment.
- This time, Israel is oppressed for 20 years by the \_\_\_\_\_ king Jabin of Hazor, a northern city that Joshua had conquered many years earlier (Josh. 11.10-11).

#### Deborah the Judge (4.1–5)

- The Israelites were \_\_\_\_\_ terribly and lived in fear of Sisera's army because he had 900 chariots of iron.
- God decides to use a \_\_\_\_\_; and Deborah (whose name means 'bee') is introduced as a prophet who is already 'judging Israel' (4.4-5) in Ephraim.
- It was assumed that men would fulfill the role of \_\_\_\_\_, but apparently God works outside of our assumptions.
- The first person who is called a prophet after Deut. 18.15 is not a 'brother' but a '\_\_\_\_\_.'
- The New Testament includes a number of women who are described as \_\_\_\_\_.
- It is not from necessity that God uses Deborah but from His divine \_\_\_\_\_.
- The Bible tells us that God chooses whomsoever He will and that His gifts are dispensed according to His divine \_\_\_\_\_ (1 Cor. 12.11).

#### Prophetic Leadership (4.6-10)

- Speaking as the messenger of the Lord, Deborah \_\_\_\_\_ Barak of victory, declaring, 'I will give him into your hand' (4.7).
- Barak \_\_\_\_\_ that Deborah accompany him to the battle; and because of his demand that she be physically present, he is deprived of the glory.

#### Barak's Victory over Sisera (4.11-16)

- Deborah \_\_\_\_\_ Barak, 'Up! For this is the day in which the Lord has delivered Sisera into your hand. Has not the Lord gone out before you?' (4.14).
- Why Deborah does not lead the army is left unstated, but I would suggest that it has something to do with her role as \_\_\_\_\_.

- Deborah's recounting of her story in \_\_\_\_\_ may be compared to Moses' recording of the battle story in a scroll (Exod. 17.14).

### **Jael: An Unlikely Hero (4.17–24)**

- It is appropriate that Jael should be the one to destroy the enemy, inasmuch as her husband is a relative of \_\_\_\_\_ (1 Chron. 2.55) and Othniel, both of whom were considered heroes of faith.
- More than \_\_\_\_\_ different women are mentioned in Judges, and twelve of those are active participants in the narrative.
- The war is followed by a victory song that \_\_\_\_\_ the Lord, Deborah, Barak, and Jael.

### **A Victory Song (5.1–31)**

- It is appropriate, and even important, that God's people take the time to rejoice in their \_\_\_\_\_ and to recognize the work of God in their midst.
- The Song of Deborah \_\_\_\_\_ the Lord and gives Him full credit for the victory.
- The Song acknowledges the \_\_\_\_\_ of the Israelites to risk their lives as they enter into the battle.
- The Song \_\_\_\_\_ the key roles played by Deborah, Barak, and Jael.

### **Conclusion to Judges 4.1–5.31**

- The Lord brought Israel out of Egypt and gave them \_\_\_\_\_, but their liberty was forfeited when they rebelled against the Lord.
- It is important that we acknowledge our \_\_\_\_\_ – we cannot save ourselves.
- Just as God saved Israel from the \_\_\_\_\_ of her enemies, so also God can save our friends and loved ones from the bondage of sin.

## HANDOUT 5

### VICTORY OVER FEAR: GIDEON JUDGES 6.1–8.35

#### Introduction

The Midianites were descendants of Abraham who lived as nomads in the desert regions southeast of Israel. The father-in-law of Moses was a Midianite priest (Exod. 2.16-3.1; 18.1-12). The Amalekites were descendants of Esau who had been enemies of Israel from the time that Israel came out of Egypt (Exod. 17.8-10).

#### God's Second Warning (6.1–10)

- The Lord hears the Israelites' cry, but He does not immediately raise up a new \_\_\_\_\_ to save them.
- Instead, God sends a \_\_\_\_\_, who confronts Israel and calls them to repentance.

#### Gideon's Doubts and Questions (6.11–13)

- While other people are \_\_\_\_\_ away and hiding in caves, Gideon is working to put food on the table.
- Gideon lacked \_\_\_\_\_. He was discouraged and afraid.
- Gideon is familiar with the story of the exodus, but he has not \_\_\_\_\_ the Lord's 'miracles' for himself.
- Gideon's response to the angel reveals that he unjustly \_\_\_\_\_ God for his distressing circumstances, when in fact it is Israel who has abandoned God (6.1)!

#### The Lord's Encouragement of Gideon (6.14-16)

- Instead of \_\_\_\_\_ about what we lack, we must take courage and utilize whatever strength God has given us.

#### Gideon's Offering (6.17–24)

- Gideon asks for a '\_\_\_\_\_' (6.17) that it is really the Lord who is talking with him.

#### Gideon's Fearful Start (6.25-32)

- Gideon goes out at \_\_\_\_\_ because he fears his father's household and the men of the city.

- Sadly, by building an altar to \_\_\_\_\_, the elders of Israel had failed to live exemplary lives in front of the younger generation.

### **The Spirit Clothes Gideon (6.33-40)**

- In Hebrew, the Scripture states that the Spirit ‘clothes’ Gideon, and the \_\_\_\_\_ of clothing is significant.
- Although the \_\_\_\_\_ of the Spirit authorizes him as a judge and empowers him for leadership, Gideon is not immediately free from weakness.

### **The Fearful Recruits (7.1–3)**

- In order for the Lord to get \_\_\_\_\_ for the victory, He decided to reduce Gideon’s army to a small force.

### **An Army of ‘Calebs’ (7.4–8)**

- It is also at the Fearful Spring that the Lord tests Gideon’s army the second time and chooses only the \_\_\_\_\_ who lap water like a dog (7.3-7).

### **A Revealing Dream (7.9-15)**

- When Gideon hears the account of the \_\_\_\_\_ and its interpretation, he bows in worship.

### **Victory Is Won (7.16–25)**

- God called Gideon to save Israel from the Midianites, but Gideon did not feel \_\_\_\_\_ for the assignment.

### **The Ephraimites Complain (8.1-3)**

- Gideon’s two responses to \_\_\_\_\_ represent God’s two approaches to His people. God can respond to us with mercy or with justice, and He knows which response is appropriate in every situation.

### **Gideon’s Error (8.22–35)**

- Unfortunately, Gideon chooses to commemorate his victory by constructing a golden \_\_\_\_\_ (called an ‘ephod’), which later becomes the object of idolatry.

## HANDOUT 6

### VICTORY OVER AN IMPOSTER: ABIMELECH JUDGES 9.1–10.5

#### Abimelech's Scheme (9.1–2)

- Gideon also had a secondary wife (concubine) who bore a son named Abimelech. Abimelech takes the initiative to establish himself as king of Shechem. Ironically, Abimelech's name means, 'My father is king'.

#### Abimelech's Violent Rise to Power (9.3–6)

- Abimelech's plan was to \_\_\_\_\_ his competition by murdering his brothers.
- He \_\_\_\_\_ them without mercy on a single altar stone in the manner of human sacrifice.
- The leaders of Shechem and the Beth-millo came together and installed Abimelech as \_\_\_\_\_ of Shechem.

#### Jotham's Prophetic Fable (9.7–21)

- From a safe distance on Mt. Gerazim, \_\_\_\_\_ addressed the men of Shechem and told a story in which the trees decided to anoint a king over them.
- He utters a \_\_\_\_\_ word, declaring that if they have been honorable, may they and Abimelech live in peace. However, if they have not acted honorably, may fire come out and destroy both Abimelech and the men of Shechem.

#### God Initiates Abimelech's Downfall (9.22–24)

- Abimelech reigned for three years without incident; then, God began to create \_\_\_\_\_ between Abimelech and the men of Shechem.
- Abimelech and the Shechemites were complicit in the \_\_\_\_\_ of Gideon's 69 sons, and both of them must be punished for their heinous sins.

#### Abimelech's Friends Turn Against Him (9.25–33)

- By robbing travelers, the men of Shechem undermined Abimelech's \_\_\_\_\_, and they deprived him of the income that would issue from everyone who passed through Shechem.
- Gaal claimed that if he had the opportunity, he would remove Abimelech from \_\_\_\_\_.

### **Abimelech's Cruel Plans (9.34-49)**

- Abimelech attacked Shechem, killing all the inhabitants and sowing the city with salt. Sowing the city with salt made it unfit for growing crops. Even more important is that sowing with salt was an ancient Near Eastern ritual that invoked a curse upon the city.

### **Abimelech's Final Destruction (9.50-57)**

- The defenses of Thebez were weak, and Abimelech conquered it with little effort. However, like Shechem, Thebez had a tower \_\_\_\_\_ into which a number of citizens fled for refuge.
- A woman on top of the tower saw Abimelech standing near the door, and she threw an upper \_\_\_\_\_ on his head and fractured his skull.
- Abimelech realized that he was dying, but he did not want to suffer the shame of being killed by a \_\_\_\_\_.
- The death of Abimelech was \_\_\_\_\_ for his crimes, particularly for his cold-blooded murder of his innocent brothers.
- The sins of Abimelech originated in his \_\_\_\_\_ – the sins of pride, arrogance, selfishness, hatred, envy, and strife. Even if we do not commit murder, we may harbor the same attitudes within our hearts (Gal. 5.19-21).
- Every action has \_\_\_\_\_ according to the spiritual law that states, 'God cannot be mocked. A man reaps what he sows' (Gal. 6.7-8).
- The story of Abimelech is a severe \_\_\_\_\_ to anyone who thinks they can escape the consequences of wickedness.
- Just as Abimelech was repaid by means of a violent death, so also we may be \_\_\_\_\_ to painful repercussions of our sinful acts and ungodly lifestyles.
- God's present \_\_\_\_\_ extends even into the church.

### **Tola and Jair, Minor Judges (10.1-5)**

- The illegitimate rule of Abimelech is followed by two minor judges: Tola and Jair.
- The fact Tola '\_\_\_\_\_' Israel assumes the existence of an enemy and a period of oppression from which Israel is saved.

## HANDOUT 7

### VICTORY TARNISHED BY TRAGEDY: JEPHTHAH JUDGES 10.6–12.15

#### God's Difficult Decision (10.6–16)

- When compared to the earlier cycles, the appearance of an array of foreign gods in Judg. 10.6 raises the \_\_\_\_\_ level of the Israelites' idolatry and heightens their guilt.
- It appears that the Israelites have strengthened their ties to the \_\_\_\_\_ gods, while at the same time they have drifted farther away from the Lord.
- Therefore, the Lord hands them over to the \_\_\_\_\_ and the Ammonites.
- The Lord declares \_\_\_\_\_ that His patience with Israel has run out.
- He furiously rebukes them and announces that He will \_\_\_\_\_ them no more (10.13).
- God is not a human being, but He is a 'person', and His \_\_\_\_\_ with us is real.
- The Israelites' recurring \_\_\_\_\_ of rebellion demonstrates their attempts to use God, to abuse their relationship with God.
- God is angry, but He is moved with intense \_\_\_\_\_.
- Every time we \_\_\_\_\_ God's Word, we grieve Him.

#### Israel's Choice of Jephthah (10.17–11.11)

- In light of God's \_\_\_\_\_ to save the Israelites, the elders of Gilead choose Jephthah.
- This is the only time in Judges that the Lord refuses to come to the aid of His people when they \_\_\_\_\_ upon Him.
- Jephthah had been driven out of his father's house and had become an \_\_\_\_\_.
- Jephthah is the only judge who is not \_\_\_\_\_ by the Lord.

#### Jephthah's Futile Diplomacy (11.12–28)

- Jephthah \_\_\_\_\_ the challenge; and he attempts diplomatic negotiation with the king of Ammon.
- Lord is the one to whom Jephthah looks for \_\_\_\_\_.
- Diplomacy does not work, so the \_\_\_\_\_ begins between Jephthah and the Ammonites.

#### Jephthah's Unfortunate Vow (11.29–40)

- The Lord shows Himself once again to be the God of surprising \_\_\_\_\_ and sends His empowering Spirit upon Jephthah.

- God's concern for the safety of the \_\_\_\_\_ overrides any other considerations.
- At times, God's blessing is on the \_\_\_\_\_ not on the person.
- Jephthah \_\_\_\_\_ to offer up as a whole burnt offering the first person (or thing?) that greets him upon his victorious return.
- Jephthah was apparently unaware of the provision in the Law of Moses that allowed a person to cancel a vow that might prove to be \_\_\_\_\_.
- Jephthah's \_\_\_\_\_ grieved over the fact that she would die without providing an heir to her father's line.
- In ancient Israel, the primary goal of a woman was to have children; but because she would die a virgin, Jephthah's daughter would never fulfill the purpose of her \_\_\_\_\_.
- In early Pentecostal literature, prominent authors affirm that Jephthah did, indeed, \_\_\_\_\_ his daughter.
- In fact, none of the heroes of Hebrews 11 are praised for their \_\_\_\_\_ purity.
- As examples of \_\_\_\_\_, the Old Testament characters are acceptable; but as an example of victory over sin, only Jesus is sufficient.
- Jephthah's inclusion in the list of heroes is not a \_\_\_\_\_ approval of his every act, and it does not exonerate him from his sin.

### **The Ephraimites Complain – Again! (12.1–7)**

- It is sad that neither Jephthah nor the Ephraimites seek for God's \_\_\_\_\_ to their conflict.
- It is also a sad truth that God's people often \_\_\_\_\_ among themselves; and when they fight, nothing good comes forth.
- Contentions and \_\_\_\_\_ are not the will of God for His church (see Jas 3.14–4.3).

### **Ibzan, Elon, and Abdon (12.8–15)**

- Ibzan's administration is marked by his forging of political \_\_\_\_\_ through intermarriage.
- All we know of Elon of Zebulun is that he \_\_\_\_\_ Israel for ten years, and he was buried in Aijalon.
- Abdon's ability to provide seventy \_\_\_\_\_ suggests that he was wealthy and successful.

## HANDOUT 8

### VICTORY BY GOD'S PLAN: SAMSON (PART 1) JUDGES 13.1–16.3

#### Israel's Rebellion Resumes (13.1)

- For the \_\_\_\_\_ time in the book of Judges, we read that the Israelites did what was evil in the eyes of the Lord.
- The evil that is in view here consists of their \_\_\_\_\_ the Lord in order to worship the idols of Canaan.
- God had been \_\_\_\_\_ to Israel, but Israel continued to forsake the Lord, to break their covenant with the Lord, and to serve the gods of Canaan.

#### Samson's Birth Foretold (13.2-3)

- In this final cycle, however, the Israelites do not \_\_\_\_\_ out for help.
- For the first time, the Lord chooses to raise up a leader from \_\_\_\_\_.
- The \_\_\_\_\_ of the Lord appears to Manoah's wife and surprises her with a promise from God.

#### Samson's Call to Be a Nazirite (13.4-5)

- The woman receives \_\_\_\_\_ from the angel, telling her not to drink any wine or strong drink and not to eat any unclean thing.
- A \_\_\_\_\_ was a person who had made a special vow of consecration to the Lord.
- The Nazirite vow was normally entered into for a certain \_\_\_\_\_ period of time by an adult who was willing to fulfill these requirements.
- The angel does not promise that Samson will bring \_\_\_\_\_ deliverance; he will only 'begin' that deliverance.

#### Samson's Father Hears from God (13.6-14)

- The angel repeated to \_\_\_\_\_ the same instructions that he had given to his wife earlier.
- Manoah offered up a burnt offering to the Lord; and the Angel of the Lord ascended in the \_\_\_\_\_.

#### The Angel Ascends in Sacrificial Fire (13.15–25)

- Samson is the only judge whom God \_\_\_\_\_ from before birth to fill the role of judge.

- The calling of Samson to be a \_\_\_\_\_ adds to the sense of his purpose and devotion.
- Except for the puzzling declaration that Samson will ‘begin’ to save Israel, everything in ch. 13 indicates that Samson is poised to be the greatest \_\_\_\_\_ of them all.

### **The Spirit Moves upon Samson (13.1)**

- Samson’s potential for \_\_\_\_\_ is affirmed by the statements, ‘the child grew, and the Lord blessed him’ (v. 24).
- The statement that the Spirit ‘moved upon’ Samson can signify (1) that the Spirit is the source of his great \_\_\_\_\_.
- It can also mean (2) that Samson was somewhat \_\_\_\_\_ by the Spirit’s work in his life.
- Is it possible that he is not altogether enthusiastic about or \_\_\_\_\_ with the Spirit’s activity in his life?

### **Samson’s Marriage (14.1–20)**

- The \_\_\_\_\_ rests upon Samson and we expect him to assemble the army of Israel and engage the enemy; but no such action ensues.
- Each time the Spirit comes upon \_\_\_\_\_, the Scripture uses the words, ‘the Spirit of the Lord came upon him in power’ (Judg. 14.6, 19; 15.14 NIV).
- Samson is quite \_\_\_\_\_ every time the Spirit comes upon him but he remains in control of his actions.

### **Samson’s Many Exploits (15.1–16.3)**

- Samson’s \_\_\_\_\_ behavior persists as he breaks his Nazirite vows by touching the corpse of a dead lion.
- God is free to distribute power to whomsoever He will; and at times, He even \_\_\_\_\_ unbelievers (e.g. Balaam in Num. 24.2).
- The charismatic endowment of the Spirit in Judges is not always a sign of spiritual \_\_\_\_\_ or holy character.
- God never excuses sin; He never treats \_\_\_\_\_ lightly, and idolatry never goes unpunished.
- God is ultimately concerned with the sanctification of the \_\_\_\_\_ as a whole.
- The Israelites actively \_\_\_\_\_ the work of Samson when they insist that he forego any further attacks upon the Philistines, who, the Israelites say, ‘rule over us’ (Judg. 15.9-13).

## HANDOUT 9

### VICTORY AFTER FAILURE: SAMSON (PART 2) JUDGES 16.4–31

#### Samson's Love for Delilah (16.4–5)

- Samson's love for Delilah was the perfect opportunity for the Philistines to \_\_\_\_\_ him.
- Because Delilah lived on the \_\_\_\_\_, we are not certain if she was a Philistine or an Israelite.
- The name 'Delilah' suggests weakness, which is an ironic \_\_\_\_\_ to the strength of Samson.
- Samson was prone to live on the \_\_\_\_\_ and to test the boundaries of proper behavior.
- It is important to observe that Delilah is never \_\_\_\_\_ in the biblical text. She is never described as a wicked seducer or a prostitute.
- If Samson loved her, then why did he not \_\_\_\_\_ her?

#### Samson's Test (16.6-15)

- Immediately, Delilah began to \_\_\_\_\_ Samson about the source of his great strength.
- First, Samson told Delilah that he would lose his \_\_\_\_\_ if he were tied up with 'seven fresh bowstrings' (16.7 NIV).
- Second, he said that he could be \_\_\_\_\_ with 'new ropes' (16.11 NIV).
- Third, he said to Delilah, 'If you weave the seven \_\_\_\_\_ of my head into the fabric on the loom and tighten it with the pin, I'll become as \_\_\_\_\_ as any other man' (16.13 NIV).

#### Samson's Failure (16.16-20)

- Delilah argued that if he really \_\_\_\_\_ her, then he would tell her the truth.
- Samson admitted that he was a Nazirite; and as such, he was not allowed to \_\_\_\_\_ his hair at all.
- The cutting of his hair was the violation of the third \_\_\_\_\_ requirement.
- Samson fully expected to defeat his attackers just as he always had done in the past, but his \_\_\_\_\_ was gone.
- There was no \_\_\_\_\_ and no strength in Samson's hair, but his final act of disobedience caused the Lord to depart.
- Ultimately, Samson's \_\_\_\_\_ to Delilah is symbolic of Israel's surrender to the gods of Canaan.

- Just as Samson was separated as a Nazirite to God, Israel was \_\_\_\_\_ to God.
- The Lord said to Israel, 'And you shall be \_\_\_\_\_ to Me, for I the Lord am holy, and have separated you from the peoples, that you should be Mine' (Lev. 20.26).

### **Samson's Bondage (16.21)**

- Sin always leads to \_\_\_\_\_ (John 8.34), and Samson's disobedience brought him to a place of servitude.
- According to Num. 6.12, Nazirites who have broken their \_\_\_\_\_, can rededicate themselves to the Lord and begin their consecration anew and afresh.

### **Samson's Humiliation (16.22–27)**

- It was not enough that they had \_\_\_\_\_ and blinded Samson; they wanted to mock and abuse him further.
- Samson knew that even though he had lost his strength, God's strength \_\_\_\_\_.

### **Samson's Final Victory (16.28-31)**

- Samson \_\_\_\_\_ out to the Lord and asked that his strength might return just once more.
- By destroying their central pagan \_\_\_\_\_, Samson won a great victory which was far more significant than any of his previous victories.
- At the end of the Samson story, we also are confronted with human \_\_\_\_\_; and we are forced to cry out only to God.
- We should be \_\_\_\_\_ for the abilities, talents, training, and resources that God has given to us. However, we must remain humble and obedient, remembering that our effectiveness depends not on our strength but on God's strength.
- It is clear that the endowment of the Spirit does not grant \_\_\_\_\_ to humans.
- It is also clear that Spirit-filled leaders are not \_\_\_\_\_ from the demands of biblical holiness.
- The book of Judges \_\_\_\_\_ to our present-day struggle with charismatic leaders – when leaders fail, we do not know what to do!
- It seems clear that Paul's ultimate concern for those who have fallen is \_\_\_\_\_, redemption, forgiveness, and then restoration.

## HANDOUT 10

### VICTORY THREATENED BY COMPROMISE: JUDGES 17.1–18.31

#### Introduction

- The first of the concluding narratives is concerned with \_\_\_\_\_, paralleling the message of the second introduction (2.6-3.6).
- The book of Judges concludes with the Israelites fighting against each, which parallels the first chapter of Judges in which Israel is \_\_\_\_\_ against their enemies.
- Furthermore, although Judges names twelve judges altogether, the book closes just as it opened— with no \_\_\_\_\_ in Israel.

#### Micah's Compromise: False Worship (17.1–13)

- Although chs 17-21 come at the end of the book, the \_\_\_\_\_ narrated here are not in chronological order.
- The book is structured theologically to demonstrate Israel's \_\_\_\_\_ decline.
- An Ephraimite named \_\_\_\_\_ builds his own sanctuary; and his mother, who has eleven hundred pieces of silver, commissions a silver idol and places it in Micah's shrine.
- Micah hires a \_\_\_\_\_ to be his personal priest, a move which Micah interprets as an assurance of divine favor.
- The making of an image and the building of a private \_\_\_\_\_ are in violation of God's commandments.
- Joshua had instructed the Israelites: 'do not rebel against the Lord, nor \_\_\_\_\_ against us, by building yourselves an altar besides the altar of the Lord our God' (Josh. 22.19).
- During the time of the judges, the Tabernacle resided in \_\_\_\_\_ (Judg. 18.31; 20.18, 26).
- Micah's illicit activities prompt the first occurrence of the refrain, 'In those days there was no \_\_\_\_\_ in Israel' (17.6).

#### The Danites Compromise: Leaving Their Inheritance (18.1–11)

- The Danites had been driven back by the \_\_\_\_\_ (Judg. 1.34) and now must seek out a new location.
- The cooperation of the Levite in the idolatry of both Micah and the \_\_\_\_\_ is appalling.

- The Levite should have \_\_\_\_\_ Micah and the Danites regarding God's requirements for worship.

### **The Danites Further Compromise: False Worship (18.12–31)**

- The Danites they took the \_\_\_\_\_, the ephod, and the priest; and they established their own illegitimate shrine.
- The priest, motivated by money and prestige, saw the Danites' offer as a big \_\_\_\_\_!
- That a descendant of \_\_\_\_\_ would serve at an idolatrous shrine indicates a shocking level of departure from the Lord and His commands (see Deut. 27.15).

### **The Importance of Genuine Worship**

- Worship is the most \_\_\_\_\_ issue for our time.
- Jesus tells us that we cannot worship both God and \_\_\_\_\_ (Mt. 6.24), but many Christians are deceived by the allure of riches.
- Have we made an idol of our work, our occupation? Have we made idols of \_\_\_\_\_ heroes, movie stars, and other entertainers?
- Paul says that the time would come when people would be 'lovers of \_\_\_\_\_ more than lovers of God' (2 Tim. 3.1-4).
- When Jesus Christ was \_\_\_\_\_ in the wilderness, the devil offered to Jesus 'all the kingdoms' of the world if Jesus would only bow down and worship him (Mt. 4.9).
- We were created to worship God, our \_\_\_\_\_.
- It is \_\_\_\_\_ WHOM we worship!
- It is not only important WHOM we worship, but it is also important \_\_\_\_\_ we worship.
- Genuine worship, then, must be an \_\_\_\_\_ of love to God.
- The worship of God is the highest occupation of the church, and worship fulfills the ultimate \_\_\_\_\_ for which the people of God are redeemed.
- We will worship something. We will \_\_\_\_\_ something. We will serve something.
- The church is the Body of Christ, and worship is the \_\_\_\_\_ that fills the body with life and energy.
- Without \_\_\_\_\_ worship, the church is dead; however, when the church worships God truly, it is the living embodiment of Christ in the world.

#### A Murderous Mob (19.22–24)

- The old man welcomed his tired \_\_\_\_\_ according to the accepted customs of hospitality.
- In an episode that reminds us of the story of \_\_\_\_\_ in Gen. 19.4-8, certain men of the city surrounded the house and demanded that the old man turn over the Levite to them.
- The man appeals to their sense of decency and reminds them of the \_\_\_\_\_ of hospitality.
- In order to \_\_\_\_\_ his guest, the old man offers to hand over his own daughter along with the Levite’s concubine.

#### A Heinous Crime (19.25-28)

- The wickedness of Judges 19 has its \_\_\_\_\_ in Israel’s refusal to hear God in Judges 2.
- The men of Gibeah ‘abused her all night’ (v. 25). At dawn, when they had tired of \_\_\_\_\_ her, they turned her loose.

- Without a word of apology, a \_\_\_\_\_ comment, or a helping hand, he told her, ‘Get up; let’s go’ (19.28 NIV).

### **A Gruesome ‘Division’ (19.29–30)**

- When the Levite finally reaches his home, he takes a \_\_\_\_\_ and dismembers his concubine.
- The \_\_\_\_\_ brings to mind hopeful expectations of a future free of abuse and fear, expectations that apparently remain unfulfilled given the crimes against this helpless and unprotected woman.
- Israel’s exodus, the high point in its history, stands in stark \_\_\_\_\_ to this low point in Judges, when freedom is turned into anarchy and the oppressed become the oppressors.

### **Disunity and Dreadful Results (20.18–44)**

- The Israelites who once fought together \_\_\_\_\_ the Canaanites are now warring against one of their own tribes.

### **Disunity and the Destruction of Benjamin(20.45–48)**

- The Benjaminites are decimated, and the other tribes \_\_\_\_\_ the aftermath of the civil war (21.1-7).

### **Disunity among a Lawless People (21.1–25)**

- Israel’s \_\_\_\_\_ happened through a downward spiral of unfaithfulness that began as far back as Judges chapter one.

### **Conclusion**

- Whenever we take lightly our relationship to God, we begin the \_\_\_\_\_ spiral that leads to despair, disunity, and death.
